#### INDEPENDENT AUDITORS' REPORT

Board of Directors Moneta Securities Corp. Haymarket, Virginia

We have audited the accompanying statements of financial condition of Moneta Securities Corp. as of March 31, 2005 and 2004 and the related statements of operations, changes in stockholder's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the years then ended that you are filing pursuant to Rule 17a-5 under the Securities and Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Moneta Securities Corp. as of March 31, 2005 and 2004, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS March 31, 2005 and 2004

#### Note 1 - Business Organization

#### **Business Description**

Moneta Securities Corp. (the "Corporation") is registered with the National Association of Security Dealers (NASD) as a mutual fund retailer. The Corporation implements investments in connection with the sale of mutual funds and real estate investment trusts. The revenue earned by the corporation is in the form of commissions received by the respective issuing investment companies.

#### Note 2 - Summary of Significant Accounting Policies

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Note 3 - Related Party Transactions

The stockholder of the Corporation is also a stockholder of Moneta Planning Corp. (MPC). During the year ended March 31, 2004, the Corporation and its related party moved its location to Virginia where they continue to share office space.

An agreement between the above referenced related parties provides that MPC will absorb substantially all costs for employee services and certain other expenses. During the years ended March 31, 2005 and 2004, various office overhead expenses totaling \$12,761 and \$13,687, respectively, were allocated to the Corporation.

### Note 4 - Net Capital Requirements

The Corporation is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity of capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At March 31, 2005 and 2004, the Corporation had net capital of \$9,767 and \$7,637, respectively, which was \$4,767 and \$2,637, respectively, in excess of its required net capital of \$5,000. The Corporation's net capital ratio was .05 to 1 for March 31, 2005 and .08 to 1 for March 31, 2004.

# INDEPENDENT AUDITORS' REPORT ON SUPPLEMENTARY INFORMATION REQUIRED BY RULE 17a-5 OF THE SECURITIES AND EXCHANGE COMMISSION

Board of Directors Moneta Securities Corp. Haymarket, Virginia

We have audited the accompanying financial statements of Moneta Securities Corp. for the years ended March 31, 2005 and 2004, and have issued our report thereon dated May 6, 2005. Our audits were made for the purpose of forming an opinion on such financial statements taken as a whole. The information contained in the schedules on the following pages are presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Hauppauge, New York

Excess net capital	_\$	4,767	\$	2,637		
Ratio of aggregate indebtedness to net capital		.05 to 1		.08 to 1		

- Moneta Securities Corp. is in compliance with the exemptive provisions of the Securities Exchange Commission's Rule 15c3-3k(2)(i). The Corporation's business is done strictly on an application basis with the mutual funds and annuity issuing insurance companies.
- There is no material difference from the Corporation's computation of net capital (included in part 11A of Form X-17a-5 as of March 31, 2005 and 2004) and the net capital as computed above.

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL STRUCTURE REQUIRED BY RULE 17a-5 OF THE SECURITIES AND EXCHANGE COMMISSION

Board of Directors Moneta Securities Corp. Haymarket, Virginia

In planning and performing our audits of the financial statements of Moneta Securities Corp. for the years ended March 31, 2005 and 2004, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practice and procedures followed by the Company in any of the following:

- 1) Making quarterly securities examinations, counts, verifications, and comparisons,
- 2) Recordation of differences required by rule 17a-13,
- Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at March 31, 2005, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
